About Amritsar

Literally a Pool of Nectar, derives its name from Amrit Sarovar, the holy tank that surrounds the splendid Golden Temple. Guru Ramdas, the fourth Guru of the Sikh faith, founded Amritsar in 1579. One of the most pristine cities with Guru-vaani humming from the Gurudwaras, Amritsar is renowned the world over for the Golden Temple, also known as Harmandir Sahib Gurudwara - the holiest Gurdwara. This city is also famous for Jallianwala Bagh Memorial and fabulous Retreat Ceremony at Wagah Border. The Amritsari cuisine is very famous; the satiating food and generous dollops of legendary Punjabi hospitality further connive to cast a spell upon the visitor. One of the most agriculturally productive cities of India, Amritsar is well connected with most of the important cities of India.

We request you to join and enrich this conference by contributing your valuable scientific inputs and make it a grand success. In all, we aim to offer you an enjoyable and informative experience in IRIA UTSAV Radiology Summit 2022.
